

CURRICULUM VITAE

I'm originally from Los Angeles, California and for the past 10 years I've been teaching English as a Foreign Language in Istanbul. This past summer I moved to Bury St. Edmunds with my family, and have subsequently chosen to pursue a new career in development. To facilitate this and ensure that my knowledge is up to date, I have recently graduated from a coding Traineeship as a full stack developer including completing 2 real-world projects successfully to specification using a wide range of programming languages. I feel development is an excellent fit for me due to my interest in technology and natural inclination to problem solving. I work well in a team environment but am also self-disciplined and can easily work independently as well. I consistently maintain a positive mental attitude towards tackling issues, and am always eager to pick up new skills as I work. I am committed to establishing a career in development as I see myself in the industry for the long term.

PERSONAL DETAILS

NAME: Ernesto Estrada

RESIDES: Bury St Edmunds, Suffolk

CODING TRAINEESHIP

IT Career Switch Ltd
Coding Traineeship – Full stack developer
1-year program

During the traineeship I had to demonstrate a very competent level of the following programming languages and technical skills

- HTML5, CSS3, JavaScript
- PHP, Java, SQL
- Python, C#, React
- Git, API

I have recently passed my **Microsoft 98-383: Introduction to Programming Using HTML and CSS**. More information on this certification can be found at: <https://docs.microsoft.com/en-us/learn/certifications/exams/98-383>

DEVELOPMENT EXPERIENCE:

Below are the two briefs of development projects I successfully completed with IT Career Switch which can be found in my bio: <https://ernestoestrada.co.uk/>

Portfolio Project #1: "Gazetteer"

The specification was to reply to a website specification for a map-based app to provide information on countries – with a focus on a "mobile first" development. Preferably using a framework, to then develop HTML, CSS and JavaScript with JQuery modules that use PHP server-based components to source data from third party APIs (Geonames, OpenWeather). The solution is assessed on its delivery to specification, functionality, and usability.

Portfolio Project #2: “Company Directory”

A more rigorous reply to this specification was required as a user requirements document was needed to be prepared which, when signed off, triggers the release of SQL allowing to develop a “mobile-first” application to maintain a company personnel database (MySQL). Sign off is only achieved upon the student supplying an independently witnessed document providing confirmation of the system’s ability to perform error free.

CAREER HISTORY:

Oct 2020 – Present

Career break

- I have spent this time as a stay-at-home father to my two young children.
- I have also invested time in studying and obtaining my Microsoft certification and completing projects to gain practical experience with the coding languages that I have studied.
- I am now immediately available for any roles in the development field.

Sep 2015 – Sep 2020

POSITION HELD:

FMV Işık Okulları, Turkey

EFL English Teacher

- Worked as an English Skills teacher for Grades 5, 6, and 7 with a strong focus on reading, writing and speaking
- Developed and implemented 7th Grade English Skills curriculum in collaboration with department head and colleagues
- Collaborated in the development and implementation of Grades 5 and 6 English Skills curriculum

Jan 2014 – Aug 2015

POSITION HELD:

Bilfen İlkokulu ve Ortaokulu, Turkey

EFL English Teacher

- Worked as a language arts teacher for Grades 4, 5 and 7 with a strong focus on speaking and reading
- Taught 28+ lesson hours a week with frequent additional responsibilities on Saturday
- Solidified skills in classroom and behavioural management
